【到達目標】

According to Faculty policy, the main objective of the class is cultivation of intercultural understanding.

【授業の概要】

This course will examine various aspects of US American Culture. The course will be conducted entirely in English and students are expected to participate in class by actively listening and joining in discussions. Students will also give an informative and well-researched final presentation on 1 aspect of culture which was discussed in this course and which they found interesting, how that aspect of culture differs between the USA and Japan and/or other cultures of the world, and the possible reasons for those differences.
