【授業の概要】

The broad topic of this class will be "History of Japan: Japan and the World". During this semester, we will talk about the history of Japan from Antiquity till 1905. This class will be intended for students who have no prior knowledge of Japanese history. We will try to help the foreign students to understand the historical background of today's Japanese society. Every week, after having read together a passage of a book, we will talk about the main historical facts of the weekly topic. A presentation about one of the topics addressed in class will be asked to the students. The students will be advised to follow this class during the second semester as well. The second semester's class will be about the history of Japan during the twentieth century.
